**SKU:** N/A

**NSN:** 6530-01-598-4810 |

### **PRODUCT DESCRIPTION**

APLS Transport Pad with Comfort Plus is a portable and disposable litter that includes all of the features of our signature APLS Transport stretcher plus an additional layer of padding for incremental patient comfort. APLS Transport with Comfort Plus is constructed with a durable canvas and highly absorbent core that absorbs up to 2.5 liters of fluid and supports up to 325 pounds, wet or dry.

The additional padding provides comfort to pressure points while the treated nylon backing protects against wind and moisture.

APLS Transport with Comfort Plus can be used for emergency patient transport, on top of hard litters and stretchers, in operating rooms and as a transfer sheet.

APLS Transport with Comfort Plus is available with an anti-microbial treatment that helps control odors caused by body fluids.
