

GERBER STRAP CUTTER**\$26.00**

SKU: 45-003**PRODUCT DESCRIPTION**

The Gerber Strap Cutter has a design that is compact and efficient. The 420HC steel hook knife cuts through many materials, including nylon straps, seat belts and webbing in seconds. Its textured back edge ensures grip and ease of use in addition to its finger hook and extra-large finger hole. This single bevel knife edge with blunt hook is configured with a glass breaker and lanyard hold to optimize its purpose in emergency situations. It attaches easily and securely to any MOLLE system. Sheath included.
