

KERASTAT® GEL**From: \$73.00****SKU: N/A****PRODUCT DESCRIPTION**

KeraStat Gel is a sterile, water based hydrogel wound dressing intended to act as a protective covering in the management of a variety of partial thickness dermal wounds. KeraStat Gel envelops the injury, absorbs excess exudate, and maintains a moist environment to facilitate recovery. KeraStat Gel is indicated for management of a number of skin traumas, such as: first and second degree burns, severe sunburns, superficial injuries, cuts, abrasions, and incisions.
