

## MOJO® B-CON WALLET KIT

**From: \$82.00**

Pocket-Sized Trauma Treatment

---

**SKU: N/A**

## PRODUCT DESCRIPTION

The B-Con Wallet is a compact, lightweight bleeding control kit. Its wallet design attaches to a standard 2" belt and is easily accessible during stressful situations. The B-Con Wallet is intended for initial responders as a means of immediate treatment following traumatic injury. This kit targets the red, massive hemorrhage icon identifier in MARCH™ medical gear's color-coded treatment system and addresses one of the five leading causes of preventable death following trauma. The B-Con Wallet is offered in two different configurations to accommodate the needs of any department or situation.
