

MOJO® BELT BLEEDER KIT (HOLSTER)

From: \$84.95

Hemorrhage Control Within Arm's Reach

SKU: 88-101-01

PRODUCT DESCRIPTION

The Mojo® Belt Bleeder Kit (Holster) is a compact, nylon, belt pouch designed for the treatment of massive hemorrhage; the leading cause of preventable death following traumatic injury. This kit includes MARCH™ medical gear, which is a user-friendly, trauma treatment system distinctly packaged with color-coded icon identifiers. The Mojo® Belt Bleeder Kit (Holster) includes a tourniquet, Celox™ RAPID hemostatic gauze and a pair of exam gloves. The pouch has a vertical belt loop and can be worn on a standard 2" wide utility and/or gun belt. The Mojo® Belt Bleeder Kit (Holster) comes in both black and olive drab, and is available in three different content configurations to accommodate any departmental needs.
