

T.A.L.O.N.™ IO INFUSION SYSTEM TRAINER

\$1,010.49

SKU: 35-083

PRODUCT DESCRIPTION

The Tactical Advanced Lifesaving IO Needle (TALON TRAINER) Intraosseous Infusion System is the one solution that provides first responders access to all seven IO sites. Where other IO tools limit treatment to the sternal area or require a powered drill to access other sites, the T.A.L.O.N. easily gets the job done with less cube weight and with all the CoTCCC preferred features for IO devices.

PRODUCT INFO

Components:
